

Opt-Out Information: Protect your credit and your privacy, Opt-out of credit reporting programs!

It's important to find out what happens to the personal information you provide to companies, marketers, government agencies and on-line.

These organizations may use your information to process an order, tell you about products, services, or promotions, or they may share your information with others.

Many organizations offer people choices about how their personal information is used through an "opt-out" option! **To learn more about your choices in protecting your personal information click on the following organizations.**

1. [Credit Bureaus](http://www.fair-credit-reporting.com/opt-out-information/credit-bureaus.html) <http://www.fair-credit-reporting.com/opt-out-information/credit-bureaus.html>
